SUMMARY

Innovative and detail-oriented software developer pursuing a Master's in Computer Applications with strong expertise in front-end frameworks and full-stack development. Proficient in data structures and algorithms with a passion for developing cutting-edge technologies that enhance user experience and accessibility.

PROJECTS

Cryptoverse [Github](#) [Link](#)   **June 2024**

Developed a comprehensive cryptocurrency data platform using React.js, Redux Toolkit, and Chart.js integrating over 100+ cryptocurrencies. Key features include:

- Data management with Redux Toolkit
- Reusable design components with Ant Design
- Interactive user features for checking crypto news, charts, and pricing

Vehicle Parking Management System [Github](#)   **Sep 2023**

Built a web application for vehicle parking functionality with:

- Client, admin, and vendor management features
- Session and cookie management for enhanced security
- An interactive admin dashboard for vehicle management and user administration

EDUCATION

Masters Of Computer Application   **2023-2025**
Indus University, Ahmedabad
CGPA: 9.5

Bachelor Of Computer Application   **2020-2023**
Kamani Science College, Amreli
CGPA: 7.1

SKILLS

- **Programming Languages: JavaScript, HTML, CSS, PHP, SQL, Node.js**
- **Frameworks & Libraries: React.js, Redux Toolkit, Ant Design, Chart.js**
- **Data Structures & Algorithms: Proficient in designing algorithms and understanding complex data structures**
- **Development: Front-end development, full-stack development, API development**
- **Version Control: Proficient in Git and collaborative development workflows**

CERTIFICATIONS

- Node.js Certification | Scaler Topics | July 28, 2023
- CodeKaze Contest 2024 Coding Ninjas | All India Rank 974 | August 2024 - October 2024
